Miss Anne Margrave, Librarian
Inyo County Library

My dear Miss Margrave:

Would you like to have some books for women and children to use with the Japanese at ^{the} anzanar?

As you know, many of the books given for the men in camps are not suitable for them - Kathleen Norris, Grace S. Richmond, Live alone and Like it! There are also occasional copies of Robinson Crusoe, Little Men, and other children's books. We are trying to ~~separate~~ ^{eliminate} all those in poor condition. We should be glad to send you some of those suitable for women and children if you can use them. Have you any suggestions about transportation?

Very sincerely yours,

Marion Thornton
